Course Topics

Day 1: Understanding EU Funding Frameworks

- Overview of the European Union's funding mechanisms and priorities.
- Introduction to the main EU programs (Erasmus+, Horizon Europe, Creative Europe, etc.).

Day 2: Navigating the Application Process

- Key components of an EU project proposal – objectives, activities, and impact.
- Step-by-step guidance on using the official EU application portals and templates. Hands-on workshop on drafting a project idea summary.

Day 3: Building Successful Partnerships

- Tips for finding and collaborating with international partners.
- Best practices for consortium building and networking strategies. Role-playing exercise to simulate a partner negotiation meeting.

Day 4: Financial Management of EU Projects

- Budgeting essentials – understanding eligible costs, co-funding, and reporting requirements.
- Tools and resources for managing EU project finances effectively. Case study analysis of a sample project budget.

Day 5: Trends Monitoring, Reporting, and Sustainability

- Techniques for monitoring project progress and preparing interim/final reports.
- Strategies for ensuring project sustainability and maximizing impact. Participants create a mock sustainability plan for their project ideas.

Get to know Athens!

In addition to the course, we offer optional activities in Athens to enrich the learning experience by immersing participants in the cultural and historical wealth of the city, and form lasting professional relationships and share diverse insights!

Activity 1

- Welcome Dinner in the center of Athens

Activity 2

- Visit Acropolis!

We encourage you to avoid printing this leaflet. Keep it green!
